

Cemetery Information Update

June 07, 2009

Last summer we had a meeting and site inspection with the Compliance Inspector for the Business Practices and Consumer Protection Authority of BC the BC Government Ministry responsible for cemeteries.

Adjustments have been made to our Constitution.

A contract is now required for plot reservations, and an Interment Authorization Form must be completed for any future burials.

I will be contacting those who have reserved plots, to complete the updated contract forms.

It is important to note that the land belongs to the church and what you have purchased is the right to be buried there.

Thank you,

Susan McConnell, Cemetery Committee
